AZ Rohwiesen

SHORT DESCRIPTION

The Zurich blue-light organizations are guided by the credo "knowing heads in crisis".

THE PROJECT

On the Rohwiesen site in Zurich North, a sophisticated training landscape for medical staff, police and fire department is therefore being created. On the one hand, existing facilities will be brought up to the latest standards, and on the other hand, an expansion of the existing center is planned.

CHALLENGES

Repair and expansion will be carried out in one stage - thus the construction time can be shortened accordingly, which means a great added value for the city. In addition to a lot of in-situ concrete, many prefabricated concrete elements such as columns, girders and beams as well as ceiling slabs will be used.

FACTS

Location	Opfikon , Switzerland
Status	completed
Construction volume (value of our services)	16 M CHF
Start of construction	August 2019
Completion	September 2020
Building owner	Stadt Zürich (Immobilien Stadt Zürich)
