MFH Lilienstrasse

SHORT DESCRIPTION

The "Lilienstrasse" project consists of a four-storey building and a car park.

THE PROJECT

An existing building on the plot was demolished beforehand and replaced by a new building including a parking garage. 20 rental flats will be built on the plot. The existing parking garage, adjacent to the new building, will be connected to the new parking garage. 15 new parking spaces were added.

CHALLENGES

- Wooden facade

SUSTAINABILITY

- No special requirements
